

Moving

Relocating can be cathartic, revelatory and surprisingly liberating. There are many benefits when you streamline one's possessions, leave behind the responsibilities and worries of home ownership and begin anew in a place of beauty, serenity and geniality. Moving is both an ending and a beginning. Our goal is to help our residents to adjust to the first reality and embrace the second.

Enso Village can connect you with a personal relocation advisor who will help you manage every detail of your move. Your advisor will customize services to fit your needs—even offering tips on how to choose a van line, sell or donate furnishings you don't plan to bring with you or how best to arrange your new residence.

Your personal relocation advisor can assist you with:

- Real estate agency referrals
- Preferred moving and storage companies
- Auctions, estate sales and donating household items to charitable organizations
- Decorating and designing your new home at Enso Village
- Arranging for organizing and planning services
- Scheduling and managing your move-in day
